Banknote Features

Look

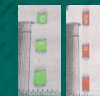

- 1** Watermark
Hold the banknote up to the light and see an image of a Rhododendron.

- 2** See-Through
Hold the banknote up to the light and the initials NRB will appear complete. The image should be clear and fit perfectly.

- 3** Security Thread
Hold the banknote up to the light and you will see the text and numerals "NRB" and "100". The thread will appear as a complete line.

- 7** Security Thread
When you tilt the banknote from top to bottom, the thread will change colour from red to green.

Feel

- 4** Raised inks
Run your fingers over the note and feel banknote paper and the areas where the ink is thicker.

- 5** Visually impaired feature
Feature for the Visually Impaired. Run your finger over the raised dot.

- 6** Emboss
Run your fingers across the feature and feel the raised surface.

- 8** Emboss
When you tilt the banknote, the embossed area will appear metallic silver.
